**Constellations** Nick Payne,2014-12-16 A singular astonishment. —John Lahr, *The New Yorker* One relationship. Infinite possibilities. In the beginning Marianne and Roland meet at a party. They go for a drink, or perhaps they don't. They fall madly in love and start dating, but eventually they break up. After a chance encounter in a supermarket they get back together, or maybe they run into each other and Marianne reveals that she's now engaged to someone else and that's that. Or perhaps Roland is engaged. Maybe they get married, or maybe their time together will be tragically short. Nick Payne's *Constellations* is a play about free will and friendship; it's also about quantum multiverse theory, love, and honey.

Citizen Spielberg Lester D. Friedman,2010-10-01 Steven Spielberg is the director or producer of over one third of the thirty highest grossing films of all time, yet most film scholars dismiss him as little more than a modern P. T. Barnum--a technically gifted and intellectually shallow showman who substitutes spectacle for substance. To date, no book has attempted to analyze the components of his worldview, the issues which animate his most significant works, the roots of his immense acceptance, and the influence his vast spectrum of imaginative products exerts on the public consciousness. In *Citizen Spielberg*, Lester D. Friedman fills that void with a systematic analysis of the various genres in which the director has worked, including science fiction (*E.T.*), adventure (*Raiders trilogy*), race films (*The Color Purple*, *Amistad*), and war films (*Saving Private Ryan*, *Schindler's List*). Friedman concludes that Spielberg's films present a sustained artistic vision combined with a technical flair matched by few other filmmakers, and makes a compelling case for Spielberg to be considered as a major film artist.

**Beyond the Edge of Suffering** Peter Connors,2022-04-12 Prose poems and flash fictions revealing the heart-wrenching, absurd, life-changing nature of living through Covid, political chaos, and personal upheaval. Peter Connors' unique blend of prose poetry, flash fiction, and other spare poetic forms pays witness to the heart-wrenching, absurd, life-changing nature of surviving a global pandemic during one of the most politically and culturally divisive times in American history. As a divorced

father living in a blended family with 4 children, navigating a new marriage, and also caring for elderly parents, pandemic restrictions and their attendant scary weirdness hit hard. After a decade of publishing highly regarded nonfiction books about music and counterculture, Connors knew that only poetry could do these strange days justice. The result is Connors' first prose poetry collection in a dozen years. Moving from raw personal poems like *One of you went* and *My father wanders* to overt political rants *The beaches are filled* and *Welcome to the last* to comically absurd flash fictions like *Superhero* and *Hello, my name is Larry* to meditations on relationships (*A small house*; *The old husband*) and spirituality (*If each martyr*; *Love everyone*), Connors strikes all the rich notes that illustrate our humanity, desire for love and connection, and striving for a rebirth that awaits just beyond the edge suffering. Part Tao, part surrealist dialogue, Peter Connors has penned a book of precise yet effusive runes from the well-gnawed bones of a man reflecting upon his family and nation at midlife. Here we have poet as citizen, philosopher, father, humorist, husband, we have the pandemic (in actuality and as metaphor), we have passing time, memory, 'our whole dumb history, ' the theater of self with its 'copious technical difficulties.' These are minimalist and thin-trimmed parable-like stories, dialogues, and beautiful confessions that in the end haggle down the price we've paid through the last brutal years, encouraging the reader to take our problems and 'Feed them to the squirrels. Those little fuckers will eat anything.' --Sean Thomas Dougherty What you know after reading only a handful of these poems is that they have the ease, and share the privileges, of being loved and cared for by a master -- not as common a thing in American poetry as you might think. This is an end-of-days story for precisely our times, presented formally in a fluid blending of at least three distinct genres, managing to celebrate them all to rich effects. These poems capture a litany of almost microscopic moments, resolute in how they are illustrative of our stunningly particular days. I love this book and I want you to read it if you care about looking closely at who we are by looking at who we have been. --Bruce Weigl *Beyond the Edge of Suffering* goes beyond life's edges, and not only in suffering. This brilliant collection by Peter Connors is a genius book of our times, with masks and viruses, nasal sprays, elixirs, diseases, and exams. It is deep and poignant, with lovely and surprising sparks of humor: a tiny porcelain woman, plays in language: bodies, memories, dreams. Diamonds. Martyrs. Prayers and non-prayers. Genesis and ribs. Fathers and mothers and a son and daughter. Crying Superheroes. Weeping willows. Mosquitos and monkeys and the highest house number in America. This collection is so holy-ghostingly good, it will continue to stay with you. --Kim Chinquee Peter Connors is the author of ten books of poetry, nonfiction and fiction, including the prose poetry collections, *Of Whiskey and Winter*, and *The Crows Were Laughing in Their Trees*. He also edited the ground-breaking prose poetry/flash fiction anthology *PP/FF: An Anthology*, as well as an issue of *American Book Review* dedicated to prose poetry/flash fiction, and was founding editor of *Double Room: A Journal of Prose Poetry and Flash Fiction*. In his nonfiction books, he has documented music and countercultural communities in such books as *Growing Up Dead: The Hallucinated Confessions of a Teenage Deadhead*; *JAMERICA: The History of the Jam Band and Festival Scene*; *Cornell '77: The Music, The*

Myth, and the Magnificence of the Grateful Dead's Concert at Barton Hall; and White Hand Society: The Psychedelic Partnership of Timothy Leary & Allen Ginsberg. His books have been published by White Pine Press, Da Capo Press, City Lights, Cornell University Press, Starcherone Books, and Marick Press. He lives with his family in Rochester, NY where he works as Publisher and Executive Director of the award-winning independent publishing house BOA Editions. **Harlem Shuffle** Colson Whitehead, 2021-09-14 NEW YORK TIMES BESTSELLER • From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys*, this gloriously entertaining novel is “fast-paced, keen-eyed and very funny ... about race, power and the history of Harlem all disguised as a thrill-ride crime novel (San Francisco Chronicle). Ray Carney was only slightly bent when it came to being crooked... To his customers and neighbors on 125th street, Carney is an upstanding salesman of reasonably priced furniture, making a decent life for himself and his family. He and his wife Elizabeth are expecting their second child, and if her parents on Striver's Row don't approve of him or their cramped apartment across from the subway tracks, it's still home. Few people know he descends from a line of uptown hoods and crooks, and that his façade of normalcy has more than a few cracks in it. Cracks that are getting bigger all the time. Cash is tight, especially with all those installment-plan sofas, so if his cousin Freddie occasionally drops off the odd ring or necklace, Ray doesn't ask where it comes from. He knows a discreet jeweler downtown who doesn't ask questions, either. Then Freddie falls in with a crew who plan to rob the Hotel Theresa—the Waldorf of Harlem—and volunteers Ray's services as the fence. The heist doesn't go as planned; they rarely do. Now Ray has a new clientele, one made up of shady cops, vicious local gangsters, two-bit pornographers, and other assorted Harlem lowlifes. Thus begins the internal tussle between Ray the striver and Ray the crook. As Ray navigates this double life, he begins to see who actually pulls the strings in Harlem. Can Ray avoid getting killed, save his cousin, and grab his share of the big score, all while maintaining his reputation as the go-to source for all your quality home furniture needs? *Harlem Shuffle's* ingenious story plays out in a beautifully recreated New York City of the early 1960s. It's a family saga masquerading as a crime novel, a hilarious morality play, a social novel about race and power, and ultimately a love letter to Harlem. But mostly, it's a joy to read, another dazzling novel from the Pulitzer Prize and National Book Award-winning Colson Whitehead. Look for Colson Whitehead's new novel, *Crook Manifesto!*

*Failing Up* Leslie Odom, Jr., 2018-03-27 Leslie Odom Jr., burst on the scene in 2015, originating the role of Aaron Burr in

the Broadway musical phenomenon Hamilton. Since then, he has performed for sold-out audiences, sung for the Obamas at the White House, and won a Tony Award for Best Leading Actor in a Musical. But before he landed the role of a lifetime in one of the biggest musicals of all time, Odom put in years of hard work as a singer and an actor. With personal stories from his life, Odom asks the questions that will help you unlock your true potential and achieve your goals even when they seem impossible. What work did you put in today that will help you improve tomorrow? How do you surround yourself with people who will care about your dreams as much as you do? How do you know when to play it safe and when to risk it all for something bigger and better? These stories will inspire you, motivate you, and empower you for the greatness that lies ahead, whether you're graduating from college, starting a new job, or just looking to live each day to the fullest.

**Paradise Falls** Keith O'Brien, 2022-04-12 The staggering story of an unlikely band of mothers in the 1970s who discovered Hooker Chemical's deadly secret of Love Canal—exposing one of America's most devastating toxic waste disasters and sparking the modern environmental movement as we know it today. “Propulsive...A mighty work of historical journalism...A glorious quotidian thriller about people forced to find and use their inner strength.” —The Boston Globe Lois Gibbs, Luella Kenny, and other mothers loved their neighborhood on the east side of Niagara Falls. It had an elementary school, a playground, and rows of affordable homes. But in the spring of 1977, pungent odors began to seep into these little houses, and it didn't take long for worried mothers to identify the curious scent. It was the sickly sweet smell of chemicals. In this propulsive work of narrative storytelling, NYT journalist Keith O'Brien uncovers how Gibbs and Kenny exposed the poisonous secrets buried in their neighborhood. The school and playground had been built atop an old canal—Love Canal, it was called—that Hooker Chemical, the city's largest employer, had quietly filled with twenty thousand tons of toxic waste in the 1940s and 1950s. This waste was now leaching to the surface, causing a public health crisis the likes of which America had never seen before and sparking new and specific fears. Luella Kenny believed the chemicals were making her son sick. O'Brien braids together previously unknown stories of Hooker Chemical's deeds; the local newspaperman, scientist, and congressional staffer who tried to help; the city and state officials who didn't; and the heroic women who stood up to corporate and governmental indifference to save their families and their children. They would take their fight all the way to the top, winning support from the EPA, the White House, and even President Jimmy Carter. By the time it was over, they would capture America's imagination. Sweeping and electrifying, Paradise Falls brings to life a defining story from our past, laying bare the dauntless efforts of a few women who—years before Erin Brockovich took up the mantle— fought to rescue their community and their lives from the effects of corporate pollution and laid foundation for the modern environmental movement as we know it today.

*Beer School* Steve Hindy, Tom Potter, 2011-01-31 BEER SCHOOL Beer School Bottling Success at the Brooklyn Brewery What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom Potter provided it. Beer School explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism—as though he has forgotten that he is reporting on himself. Tom is even less forgiving—he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement." —Michael Jackson, *The Beer Hunter* "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" —Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" —Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." —Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, *The Road to Success: How to Manage Growth* "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." —Ken Grossman, founder, Sierra Nevada Brewing Co.
