Henry Van Dyke

Parenting by God's Promises Joel R. Beeke, 2011 In *Parenting by God's Promises*, Dr. Joel R. Beeke explores what nurture and admonition look like and offers gems of practical wisdom for parents on topics such as family worship, teaching children, modeling faithful Christian living, and exercising discipline.

Fisherman's Luck Henry Van Dyke, 2007-09-01 There is good browsing among the leaves of the wood and the grasses of the meadow, as every well-instructed angler knows. The bright emerald tips that break from the hemlock and the balsam like verdant flames have a pleasant savour to the tongue. The leaves of the sassafras are full of spice, and the bark of the black-birch twigs holds a fine cordial. Crinkle-root is spicy, but you must partake of it delicately, or it will bite your tongue. Spearmint and peppermint never lose their charm for the palate that still remembers the delights of youth. Wild sorrel has an agreeable, sour, shivery flavour. Even the tender stalk of a young blade of grass is a thing that can be chewed by a person of childlike mind with much contentment.

First Day Critter Jitters Jory John,2020-07-07 First-day-of-school jitters have never been funnier or more reassuring than in this picture book by the New York Times bestselling author Jory John and critically acclaimed illustrator Liz Climo It's almost the first day of school, and the animals are nervous. Sloth worries about getting there on time, snake can't seem to get his backpack fastened onto his body, and bunny is afraid she'll want to hop around instead of sitting still. When they all arrive at their classroom, though, they're in for a surprise: Somebody else is nervous too. It's their teacher, the armadillo! He has rolled in as a ball, and it takes him a while to relax and unfurl. But by the next day, the animals have all figured out how to help one another through their jitters. School isn't so scary after all.

If Amy Carmichael,2003-03-01 Amy Carmichael questions whether we allow our doubts and disappointments to hinder our faith, or do we really know Calvary's love? In a series of statements and common situations, a Christ-love of forgiveness and strength is meant to mend our hearts and encourage others, because of what He has already done.

Training the Best Dog Ever Larry Kay,Dawn Sylvia-Stasiewicz,2012-09-25 Training the Best Dog Ever, originally published in hardcover as The Love That Dog Training Program, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo

Obama, and each of Senator Ted Kennedy's dogs, among countless others. Training the Best Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

The Prodigy Project Doug Flanders MD, 2010-11 Someone is trying to resurrect ancient viruses hidden deep within the human genetic code to create a biological weapon so specific that it can target an individual . . . or an entire race. When two young prodigies discover their medical research is being used to build this weapon, they seek outside help to destroy it and to flee China. Help comes in the unlikely guise of Jon Gunderson—doctor, bio-weapons expert, and devoted family man whose unsuspecting wife and nine children have unwittingly accompanied him on yet another assignment. Once the truth comes to light, the Gundersons will have to set aside their differences if they hope to rescue the prodigies and escape with their lives. The fate of the world hangs in the balance as the bittersweet dynamics of a large but loving family take center stage against the backdrop of China's breathtaking landscapes.

Three Lines in a Circle Michael G. Long, 2021-08-31 One line straight down. One line to the right. One line to the left, then a circle. That was all—just three lines in a circle. This bold picture book tells the story of the peace symbol—designed in 1958 by a London activist protesting nuclear weapons—and how it inspired people all over the world. Depicting the symbol's travels from peace marches and liberation movements to the end of apartheid and the fall of the Berlin Wall, *Three Lines in a Circle* offers a message of inspiration to today's children and adults who are working to create social change. An author's note provides historical background and a time line of late twentieth-century peace movements.
